

The Disabilities Network of New York City

is pleased to present the first-ever, citywide

Accessible Taxi & Livery Forums

IN ALL FIVE BOROUGHES!

Members of the **Disabilities Network of NYC** have selected increasing accessible transportation options as a primary concern for New Yorkers with disabilities. In order to address these issues, the Network is partnering with a “blue ribbon” panel of decision-makers and experts from across advocacy, industry and government to examine the past, present and future of accessible taxi/livery service and to answer **YOUR** questions at Accessible Taxi and Livery Forums in every borough.

FORUMS will be moderated by the **Disabilities Network of NYC**. PANELISTS will include representatives of the **City of New York Taxi & Limousine Commission (TLC)**, the **Taxis for All Campaign**, **Easter Seals**, and **A Ride for All**. TOPICS include the TLC’s Accessible Dispatch Pilot Project and will take a solutions-based approach to increasing transportation options for NYer’s with physical, visual and hearing disabilities.
